

### **CHYPPS:**

- Is there for YOU. We do not work for your school or college
- Our support is impartial – we do not take sides
- We can work just with you or with you and your family

Our service is confidential. That means that our meetings will be private. We will only tell people what we talk about if you say it is OK.

The only time we will talk to someone without your permission is if we think you are in danger of being hurt.

***If you are not happy with our support then please tell us how we can make CHYPPS better!***

Children & Young People's Partnership Service  
**CHYPPS**  
for Children and Young People with SEN & Disabilities

**Information, Advice  
and Support for  
Young People with  
Special Educational Needs  
and Disabilities**

### **CHYPPS can help you:**

- Understand what support is available to you in school, college or training
- Make sure you have the information you need
- Find the answers to the questions you have about your future
- Share and explain to others what you want to do
- By going to meetings with you about the next steps
- Make sure the professionals know what you want
- Decide whether you are going to need an EHC Plan to get the right support

### **What do you hope your life will be like in the future and what help will you need to achieve that?**

- What work, education or training would you like to do?
- Where do you want to live?
- Do you need any support?

If you have special educational needs and you are in Year 11 or aged 16-25, you can ask for an Educational Health and Care needs assessment if you think you will need extra support to help carry on in education or training.

### **You are the most important person in the process**

- You need to say what you want for the future
- You will need to think about what you are happy with and what needs to change
- It is very important that you tell the professionals what you want and what you need
- CHYPPS can help!
