Design a new homepage for the oxme.info website!

We would like you to draw a new homepage for our website.
Think about wording, layout, and design.

Need inspiration?

Here's a screenshot of what our current homepage looks like,
as well as some questions to get you thinking.

You can visit our website by searching for: www.oxme.info

How do I find information on websites? - Search bar/ tabs/ exploring website/ another way?

What important information needs to be on the homepage?

Is there anything missing on the current homepage which needs adding?

Is there anything on the current homepage which needs removing or changing?

Is there anything on the current homepage which needs removing or changing?

Is there anything on the current homepage which needs removing or changing?

What would I use oxme for? Can I easily find it on the current homepage?
