

# A very big... Thank You!

From Lisa Lyons,  
Director of Children's Services, Oxfordshire County Council

I am writing to tell you about the "Your Life, Your Care" survey. You might already know about it because 212 of our children and young people aged between 4 - 17 years completed the survey before the Easter holidays last year. Coram Voice, a children's charity, helped us to collect all your views so we could understand what life is like for our children and young people who we care for. They asked questions about what was going well and things you might be worried about.

We want to say a very big "Thank you!" We really appreciate all the views that were shared; your thoughts and feelings. We now have all the answers back from the survey and are going to listen carefully to what you have told us. Your views are so important because it will help us make sure the support we give you, is the best it could possibly be.

We wanted to share more about the survey with you, so we have attached the children and young people friendly slides that you can read, or an adult can share with you. If you have any questions or want to know more, please ask your social worker.

We are grateful and could not have done this without your help.

Kindest regards, Lisa
