\*NEET = Not in Education, Employment or Training, aged 16-18, and up to age 25, for young people with an Education, Health and Care Plan or Looked After Children/Care Leavers.

## Accessing Careers Information and Support

While children and young people are at school or college, the school/college they are attending has a duty to provide Careers Education, Information, Advice and Guidance (IAG) and to support all pupils to find a suitable learning placement or job after they leave [Careers guidance and access for education and training providers - GOV.UK \(www.gov.uk\)](http://www.gov.uk). Oxfordshire County Council has a duty to ensure there are enough suitable learning places available for all young people in Oxfordshire and that young people are encouraged to participate in learning [Raising the participation age - GOV.UK \(www.gov.uk\)](http://www.gov.uk).

Oxfordshire County Council has the responsibility to provide information and support for young people who have left school/college and to 'track' young people up until the September after their 18<sup>th</sup> birthday to ensure support is provided if work, school, college, or other learning placement breaks down and to support young people back into work and/or learning.

The statutory duties around IAG that each organisation is responsible for are outlined in the Education and Skills Act 2008 and in statutory guidance produced by the Department for Education. Link above entitled Raising the Participation Age.

School/College	OCC Children's Services and the EET Service	National Careers Service
<ul style="list-style-type: none"> <li>• Careers Education, Information, Advice and Guidance to all students</li> <li>• Support for those at risk of becoming NEET to transition into post-16 provision</li> <li>• Support all students to transition into their next EET destination</li> <li>• Informing the EET service about any young person aged 16-18 who are becoming NEET or EET</li> </ul>	<ul style="list-style-type: none"> <li>• Information and support for all young people via <a href="http://www.oxme.info">www.oxme.info</a></li> <li>• One to one support via a referral for NEET young people ages 16-18 (or up to 25 for those with an EHC Plan or a care leaver)</li> <li>• Calls/contact every 30 days to all young people aged 16-18 who are NEET to offer support</li> <li>•</li> </ul>	<ul style="list-style-type: none"> <li>• Information, Advice and Guidance online for all ages</li> <li>• Information, advice and guidance over the phone for over 18s</li> <li>• Face to face appointments for over 18s</li> <li>• Careers guidance appointments overseen by qualified careers guidance officers</li> </ul>

## **EET Support for 16-18 year olds (and up to 25 if you are Looked After or have an Education, Health and Care Plan)**

The Education, Employment and Training (EET) Service offers support to children, young people and families through a range of options including 1 to1 support, information online. This is part of Oxfordshire County Council's Family Help Children's Service. EET Workers, based at our eight Children and Family Centres throughout Oxfordshire provide intensive support where needed to young people with challenges that may prevent them from accessing appropriate EET opportunities. Our aim is to support young people to reach their full potential and improve their life chances by providing services that target the most vulnerable and support those needing direction.

We provide information, advice and support for young people who are not in learning or employment across Oxfordshire in a number of ways:

### **1. Online and over the phone**

All young people can access the online information we provide at any time online at [www.oxme.info](http://www.oxme.info) or by leaving a message at [Contact us | OXME.INFO](#). There is a huge amount of information on [www.oxme.info](http://www.oxme.info) about education and work opportunities, CV and interview help and job seeking tips. The website site contains information for specific groups of young people – such as those with disabilities, additional learning needs, looked after children or young parents. All young people in Oxfordshire can use the “contact us” form [eet support service | OXME.INFO](#), phone line, social media and email support available from the EET Service at any time. This will be responded to during office hours. Young people can register online to receive our weekly ‘Hot Jobs’ bulletin by email and let us know what they plan to do next next [Register or update your details | OXME.INFO](#). Young people can follow or like our profiles on social media for regular EET support messages and opportunities. We also provide a range of other information to support young people with issues such as housing, substance misuse, sexual health; providing useful information and contact details for local support services. In addition, via [www.activitiesoxfordshire.info](http://www.activitiesoxfordshire.info) we provide information about the range of positive activities to support wellbeing that can be accessed in young people's leisure time, and links to further sources of support.

### **2. Make an appointment with one of our EET Case Workers**

Children and Family Centres across Oxfordshire all have an EET case worker who is responsible for Youth Employment and Participation and can arrange to speak to young people on a 1-to-1 basis. To make an appointment to talk about education, employment and training please use our contact form [Contact us | OXME.INFO](#). You can also request service online at [eet support service | OXME.INFO](#) or call the central EET Service on 01865 328460. Support could be a one-off meeting, advice/signposting over the phone or it could mean you work with one of our EET case workers while you decide what you want to do and receive support and help with your plans to achieve your goals.

## **What is provided to support young people into EET:**

- ✓ Online Information and tools that young people can use from home, school or another setting to support job seeking and access to learning.
- ✓ Allocated EET Case Worker for NEET young people needing additional on-going support into employment and/or training or learning.
- ✓ Referral and signposting to other Information, Advice and Guidance re: EET options and related services.
- ✓ Working alongside our partners for care leavers and children we care for (Virtual School) and young people with an EHCP (Team).
- ✓ Support for schools to identify young people who are at risk of becoming NEET or not participating in learning after they leave school. The EET casework service can offer signposting, information and attend meetings in relation to a student coming to the end of Year 11 at school in order to highlight our service.
- ✓ Phone/contact with young people who are NEET every 30 days providing support for young people to get into work and/or learning and encourage them to access the help available.
- ✓ Phone/email/letter contact with young people whose education/employment status is not recorded to ensure they are in a suitable opportunity and to encourage them to access our services if required.

## **What the EET Service cannot provide:**

- ✗ Schools and colleges have a duty to provide Careers Education, Information, Advice and Guidance (CEIAG) for all their students and are required under the statutory guidance to support all students to go on to EET after they leave school. Therefore, the EET Service cannot provide CEIAG to young people who are in statutory education or electively home educated.
- ✗ The EET Service cannot support young people living outside of Oxfordshire. When a young person leaves an Oxfordshire school or college they need to contact the local authority where they live for support.
- ✗ The EET Service cannot provide careers guidance or alternative provision to young people who are currently registered as Electively Home Educated and are statutory education age though we may be able to signpost to services that can advise.
- ✗ The EET casework service cannot provide full one to one EET casework support when a student is on school roll as responsibility for their CEIAG and options for their next step after year 11 lies with their school.

## **Equal Opportunities**

The EET Service welcomes enquiries from all young people and adults regardless of age, ethnic origin, disability, gender, marital status, sexual orientation, background or religion. We are committed to the aim of offering equality of opportunity to all and can provide information about support for all young people to access work or learning, whatever your situation and aspirations are.

## Feedback, Comments and Complaints

If you have a comment or complaint about the [www.oxme.info](http://www.oxme.info) website, or need to request a change or correction, you can contact leave a comment on the website, contact us via webform, chat or email [oxme@oxfordshire.gov.uk](mailto:oxme@oxfordshire.gov.uk) directly with your complaint or request. We are always happy to hear from readers and welcome the opportunity to improve our website, phone support and web chat.

If you have a complaint about the EET Service or support you have received, you can click on [www.oxme.info/complaints-comments](http://www.oxme.info/complaints-comments) on any page on [www.oxme.info](http://www.oxme.info).

## Data Protection

Oxfordshire County Council complies with the requirements of the Data Protection Act 1998 – GDPR.

We store information about all young people in Oxford and what they are doing in terms of education, training or employment. This information is reported to the Department of Education on a monthly basis.

In some instances, we may share your contact details with learning providers, but only when we believe this will help aid your progression into learning or employment. If you would like to 'opt out' you can tell us not to share your information with external partners by contacting the EET Service.
